- HTML, CSS, Javascript
- Typescript, C
- React, Next.js
- NODE, EXPRESS.JS
- MongoDB, SQL

PROFILE

I'm Saifur Rahman, a 23-year-old self-taught, passionate full-stack web programmer. I've got immense interest in programming in general, that's how I'm able to learn full-stack development on my own. I like to build cool and interesting things that people would like to use. I also have a growing interest in AI and the things we could build with it.

PROJECTS

Ask PDF

AI-powered SaaS app to talk to PDF

[Live Link ↗](#)

[Source Code ↗](#)

Ask is a AI-powered SaaS app, that allows you to have conversations with any PDF document. Simply upload your file and start asking questions right away.
